

Dear Allison,

Megan asked me to write a letter.
She wanted to surprise you!

I wanted it to be special,
But was unsure what to say.

So, I wrote some code,
and made this!

I thought the best thing to do,
was to put some effort into this,
regardless of what I ended up with.

```
,d88b.d88b,  
888888888888  
`Y8888888Y'  
  `Y888Y'  
    `Y'
```

With love,
Matthew Draper
